EDUCATION

Northern Virginia Community College   Alexandria, VA

Associate in Computer Science   Aug 2022 - May 2025

Relevant coursework: Object Oriented Programming(Java), Web Development, Data Structures & Algorithms, Codepath Web Development, Calculus

SKILLS

- **Languages & Web: Java, Python, HTML5, CSS, Javascript, React,**
- **Tools: Git, Github, Visual Studio, Figma, Microsoft Office**

EXPERIENCE

Ranger Top LLC, Customer Support Specialist   Jul 2023 - Present

- Dispatched loads to drivers, ensuring efficient route planning and timely deliveries.
- Provided driver support, assisting with paperwork, route planning, and any other needs that arose.
- Managed communication between drivers and other departments, ensuring smooth operation.

Target, Associate   Sep 2022 - Nov 2022

- Provided exceptional service to guests, ensuring a positive and memorable shopping experience.
- Assisted with completing sales transactions at the register, ensuring accuracy and efficiency.
- Proficient in using point-of-sale systems and other relevant technology.

TECHNICAL PROJECTS

Colosseum of Italy

- Developed a responsive website using HTML, CSS, and JavaScript to provide information about tourism sites, incorporating interactive elements and enabling light/dark mode to enhance user experience and accessibility across devices.

Capitals Flashcard

- Developed with React and CSS, the app quizzes users on world capitals, allowing them to submit responses. It features a responsive design and a card-flip function for a dynamic learning experience.

Weather Scope

- Built with React and CSS, the app uses a real-time weather API to provide current conditions in both Fahrenheit and Celsius. It has a responsive design for seamless use across different devices.

LEADERSHIP AND INVOLVEMENT

NOVA CORE, recipient   June 2023 - Present

- Recipient of the National Science Foundation S-STEM Scholarship for Engineering (NOVA CORE), with an annual award of up to $6,000, based on financial need and academic merit.
- Engaged in engineering-focused workshops, service-learning projects, and experiential learning conferences. Awarded for maintaining high academic standards, with a GPA of 3.5 (high school) or 3.0 (college).

Codepath, member   Aug 2023 - Present

- Completed WEB101 and WEB102, gaining expertise in HTML, CSS, JavaScript, React, Git, and GitHub. Collaborated on hands-on projects, developing full-stack web development skills.
- Engaged in CodePath's workshops and networking events to build industry connections and collaborate on projects that developed software engineering skills.
